

SAVE OUR CHELMER

- 2 Year construction period: - traffic, parking, dust, diversion;
- Not a retirement complex – it will be a high care, 120 bed facility operating 24/7;
- Four (4) storey, non character, structure;
- Only 38 car parks for staff, visitors, ancillary support, medical support;
- No consultation with the community;
- This building will set a precedent for our community; we will lose the character of Chelmer!
Contact saveourchelmer@hotmail.com for more information and support on lodging your submission to council.
